

Introduction

Last year, thanks to the incredible generosity of our local businesses, schools, and community partners, the 2025 Easter Campaign was a huge success. With the support of over 30 corporate sponsors and 30 partner organisations, we raised £930, distributed 2,000+ Easter eggs, and gifted 183 books to help inspire young readers across Barnet. Building on this amazing impact, we are excited to launch our 2026 Easter Campaign and reach even more children and young people who need our support. As spring approaches, we look forward to working alongside you and our wider community once again to spread joy, kindness, and smiles this Easter.

How to Get Involved:

- **Donate:** You can start by dropping off your Easter egg and book donations at our designated drop-off locations (please check the details with our contact person as below).
- **Host a Collection Drive:** Contact us to register your business as a collection point. We'll provide all necessary materials.
- **Financial Donations:** Donate directly through our website or contact us for more details on how to make a financial contribution.
<https://cafdonate.cafonline.org/29896#!/DonationDetails>
- **Promote the Campaign:** Use our provided social media assets and email footers to share the campaign with your networks and colleagues.

What We Provide for Your Support:

To make it easy for you to get involved, we are offering the following resources for your business:

- **Email Footer:** A ready-made footer that can be added to your email signature to help raise awareness of the campaign.
- **Social Media Assets:** Ready-to-use graphics and content for your social media channels to help spread the word.
- **Digital PDF Poster:** A digital flyer that can be shared via email or on internal communication platforms.

Who we are

Young Barnet Foundation is youth-focused, borough-based infrastructure organisation that combine local intelligence, grant giving, and partnership leadership to strengthen the Youth Sector. Acting as trusted and neutral intermediary, we broker relationships, funding, and collaboration between grassroots organisations, funders, local authorities, and corporates. Through convening, coaching, and advocacy, we stabilise fragmented local ecosystems, amplify the voices of children and young people, and ensure resources reach the organisations best placed to create impact.
